PROGRAM

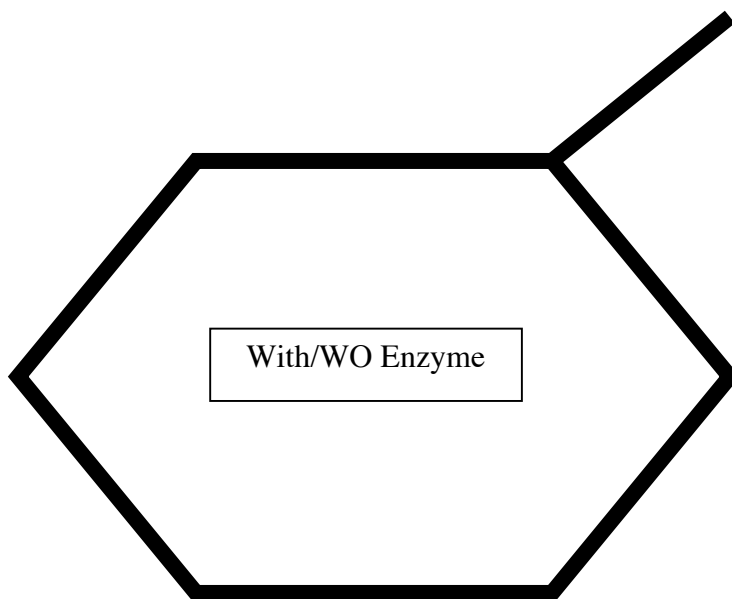

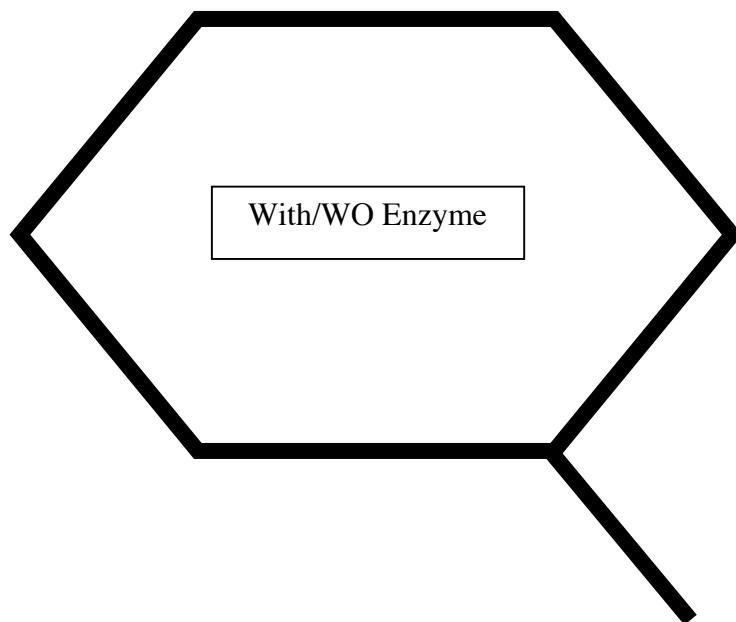

How to use cutouts:

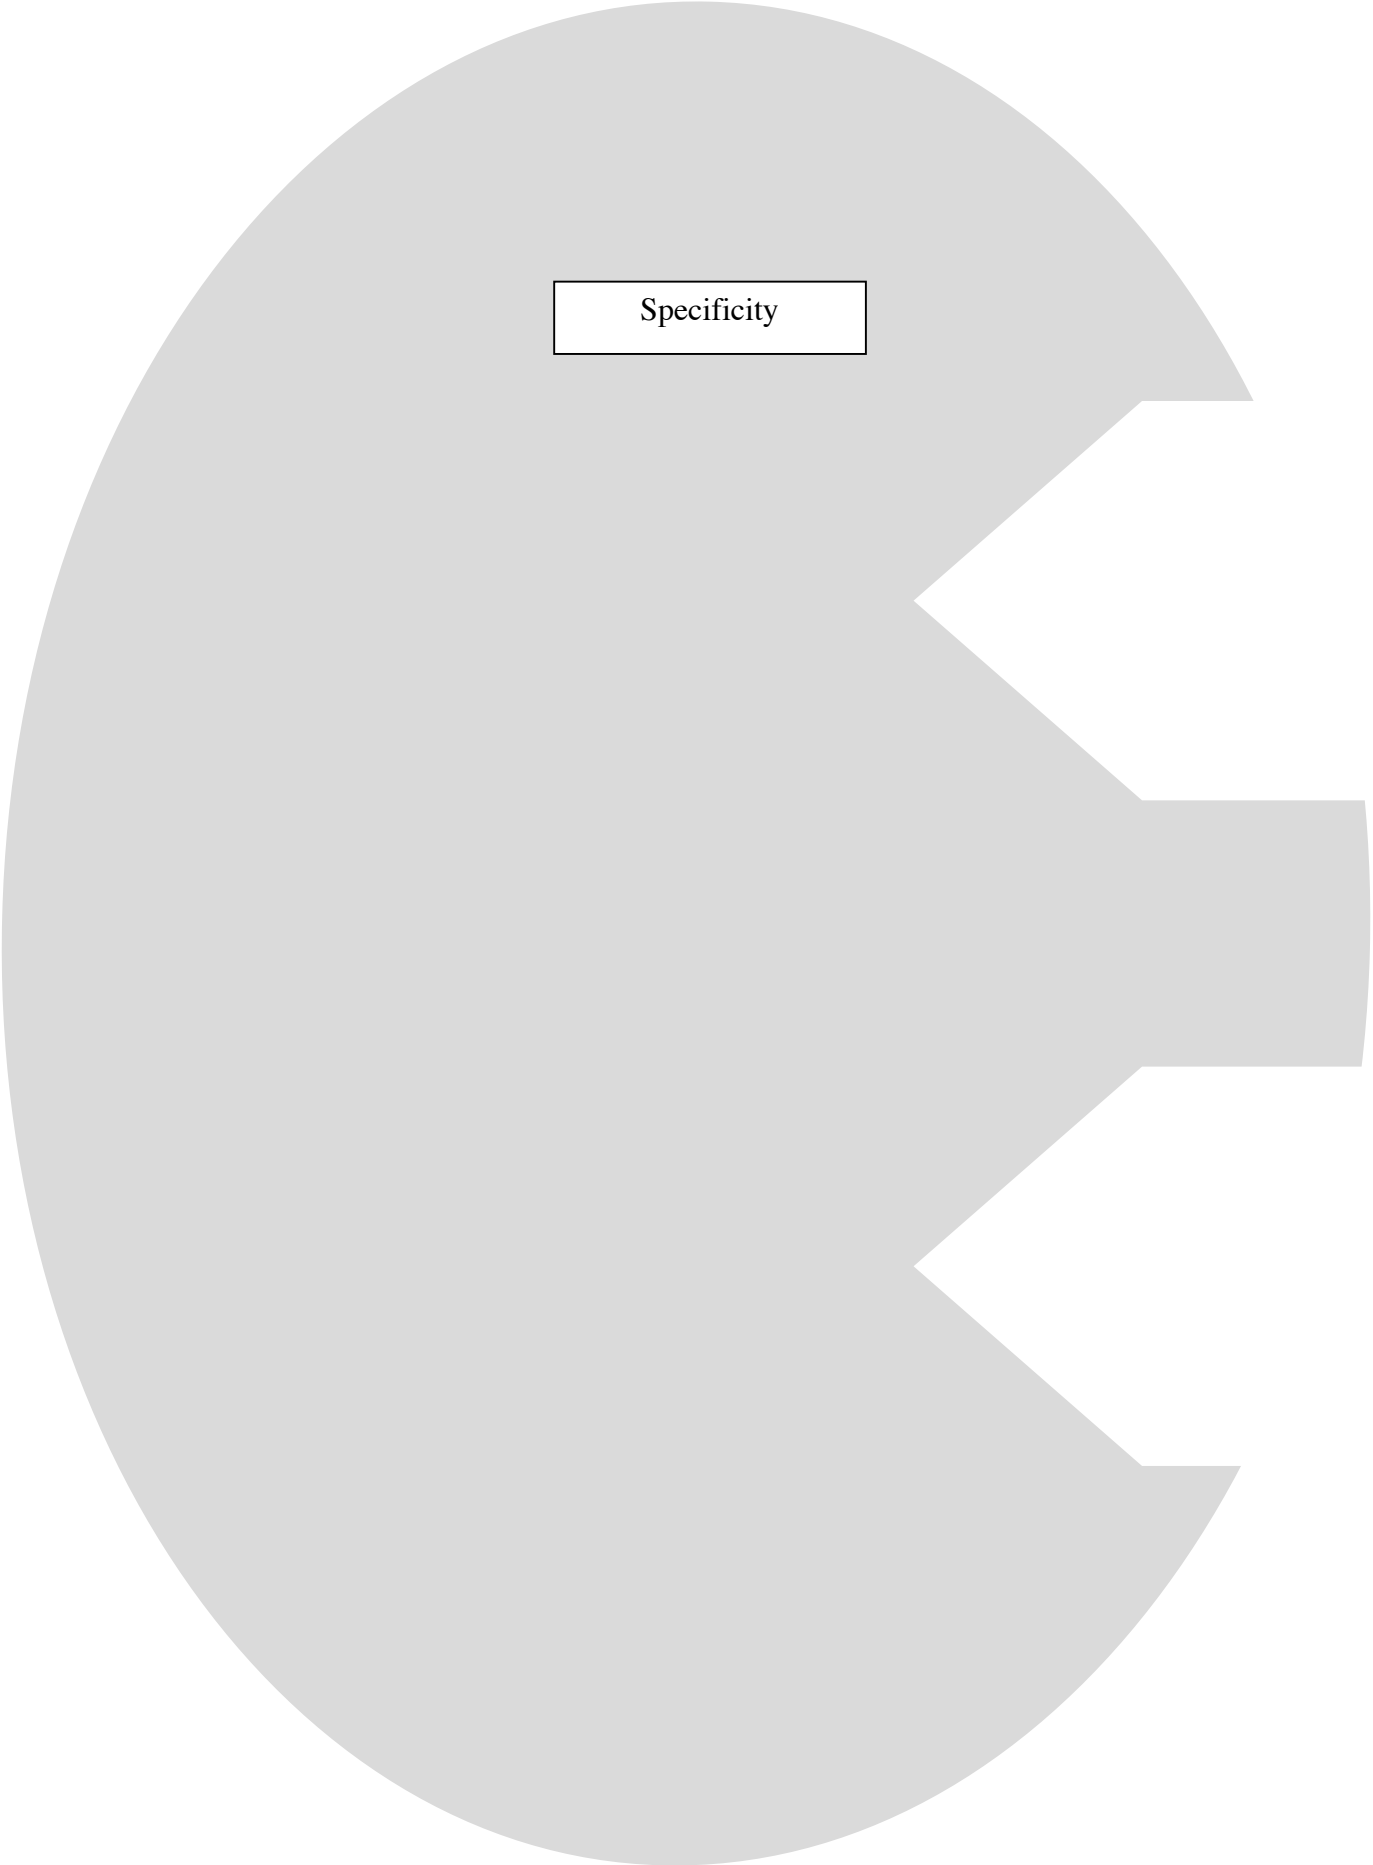

Print cutouts on cardstock. Cut out the shapes. After reviewing each concept with the students have volunteers go to the front of the class to use the cutouts to explain what they learned about the concept. This is a good way to check for understanding. It is also important for kinesthetic and visual learners.

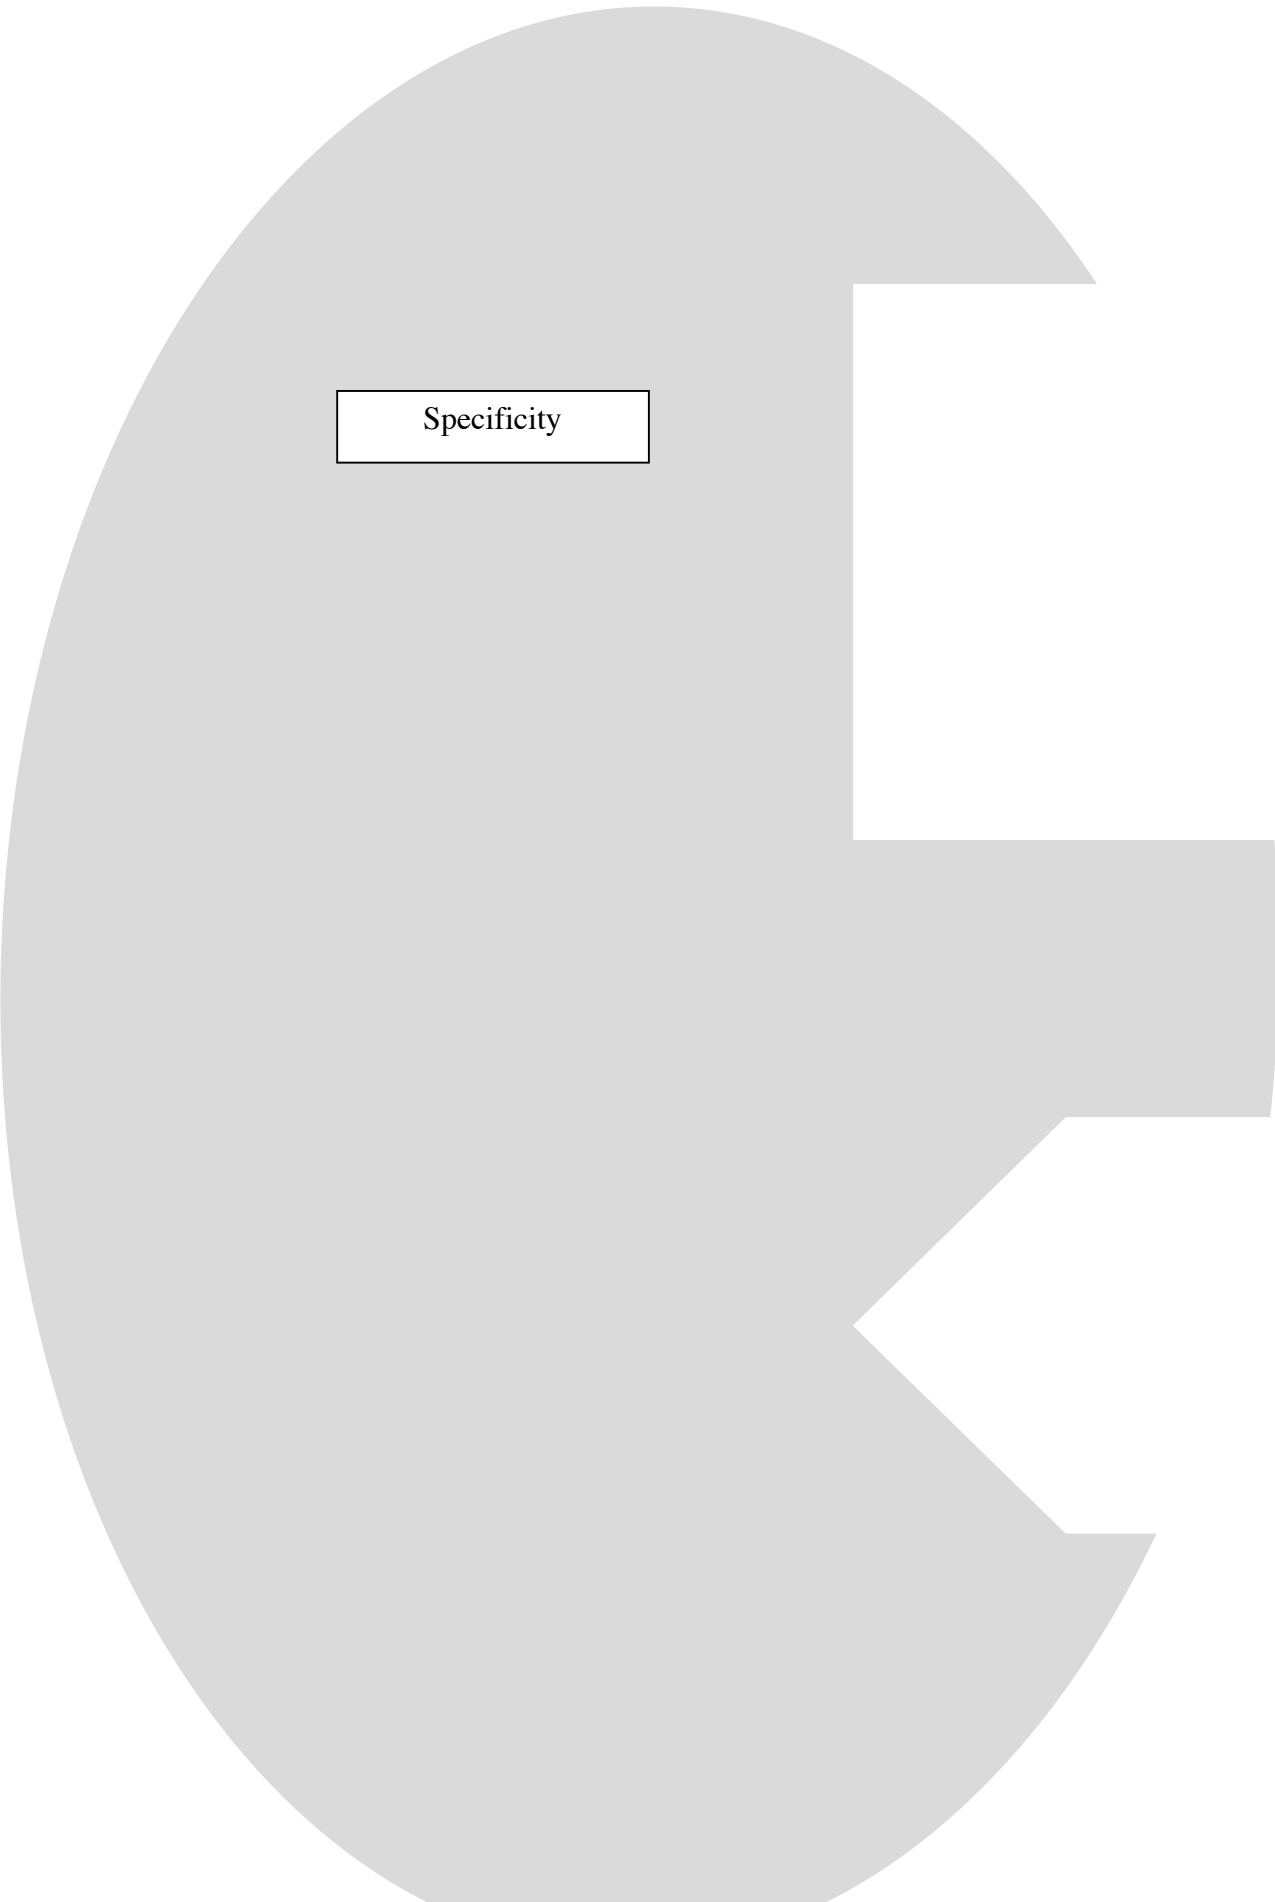

With/WO Enzyme

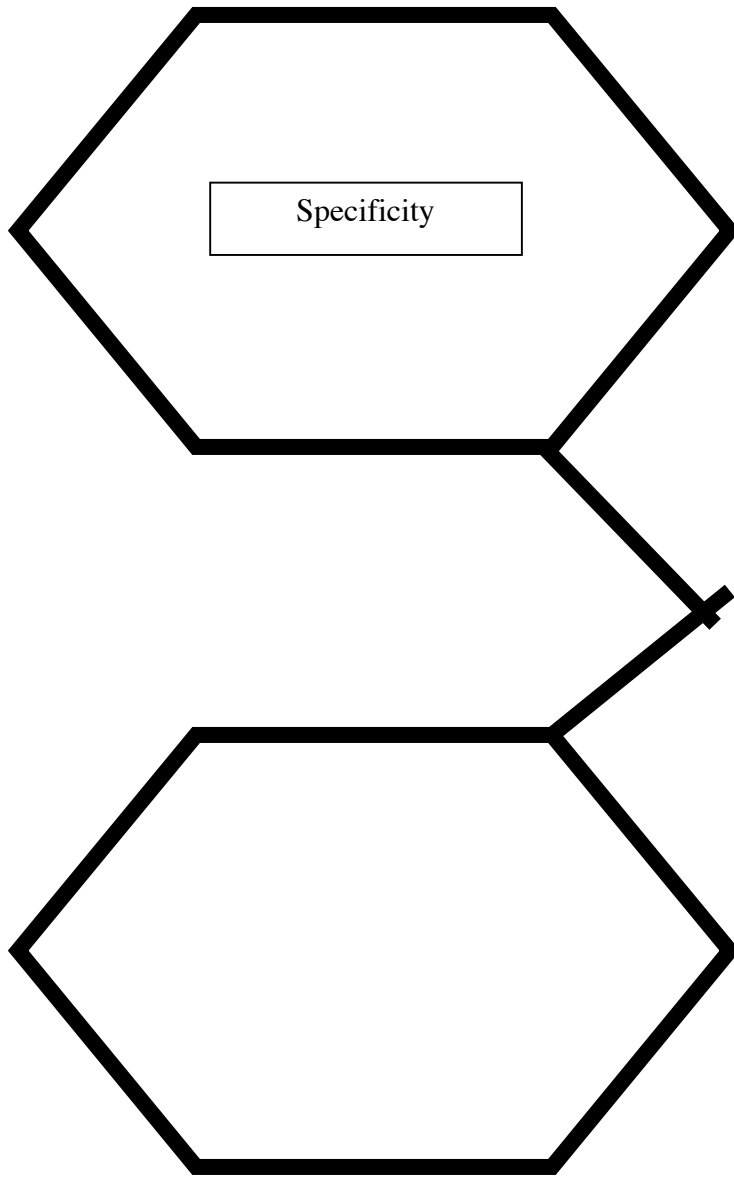

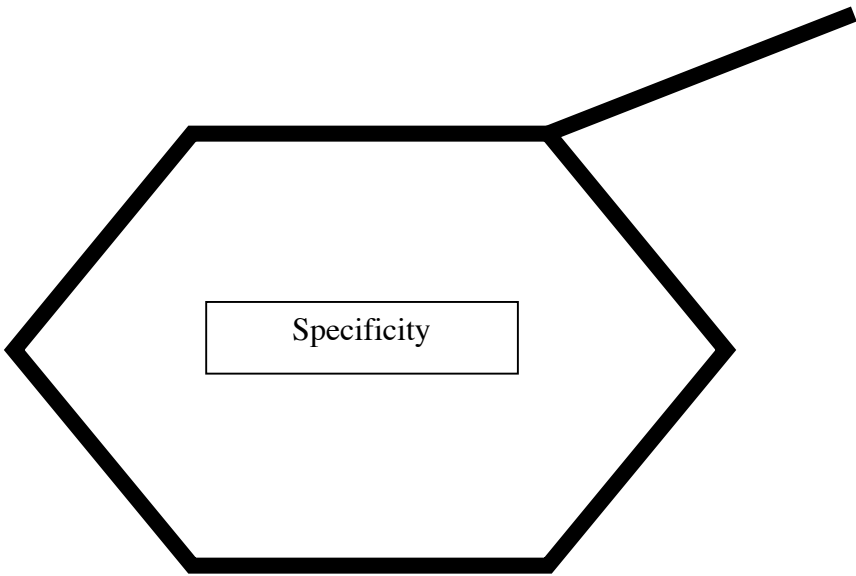

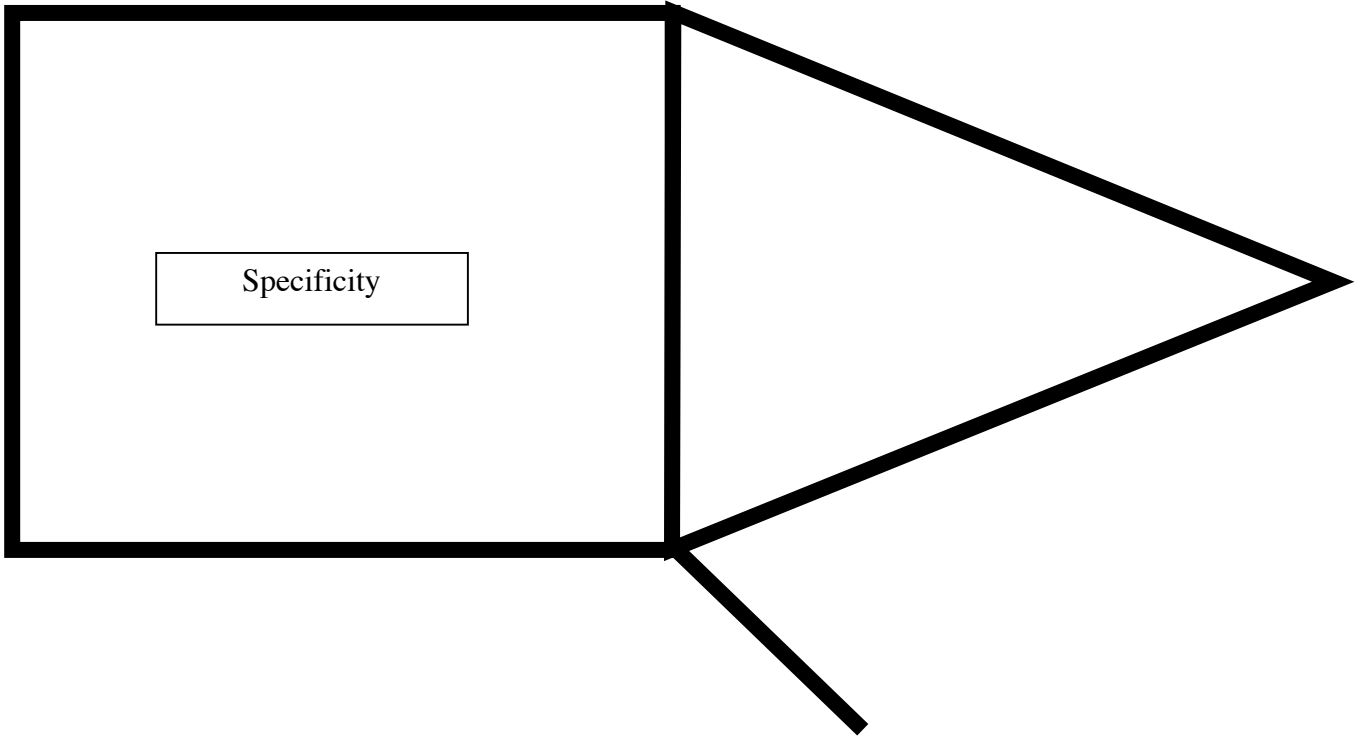

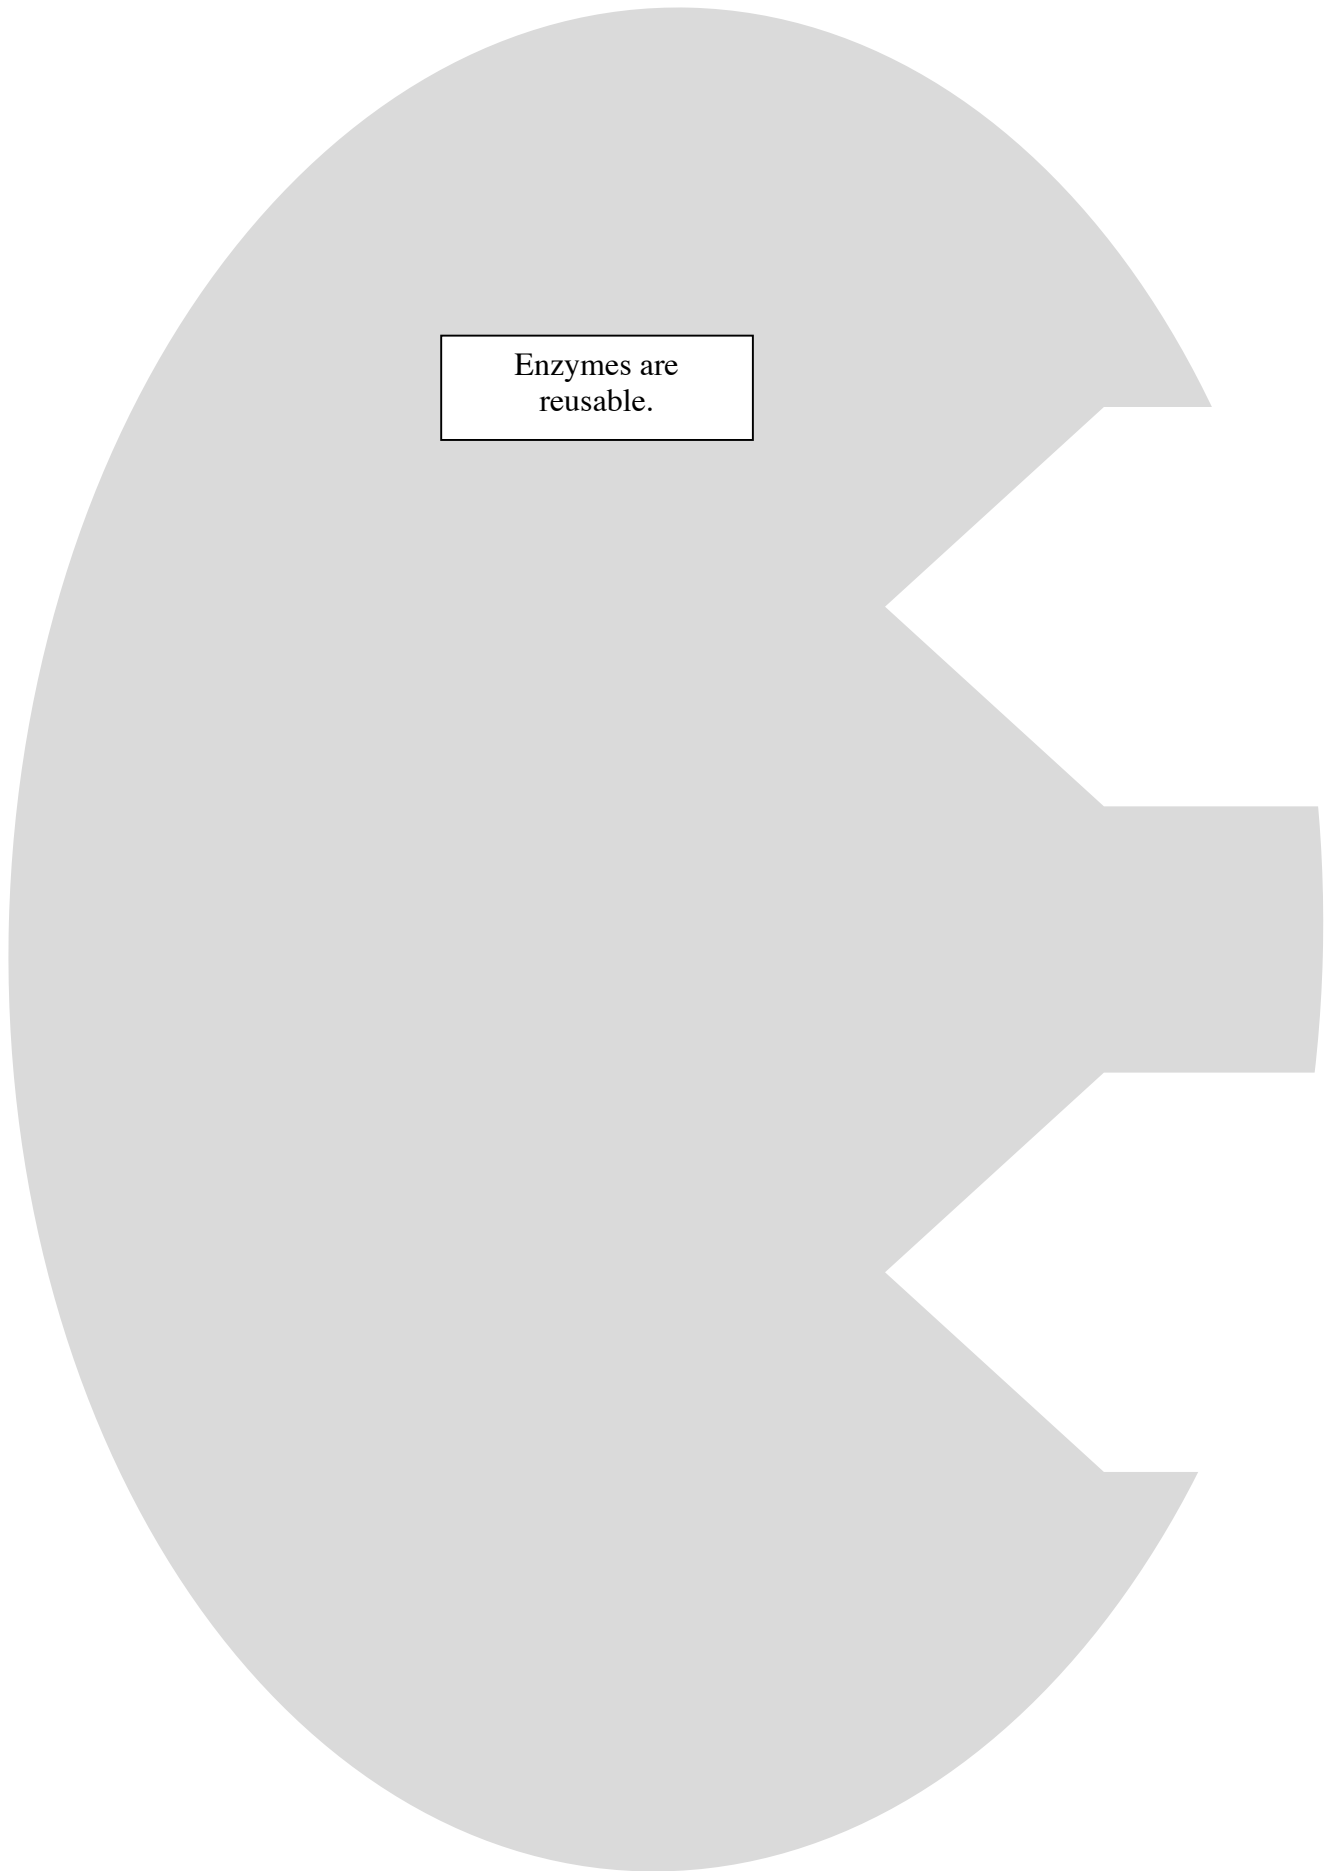

Specificity

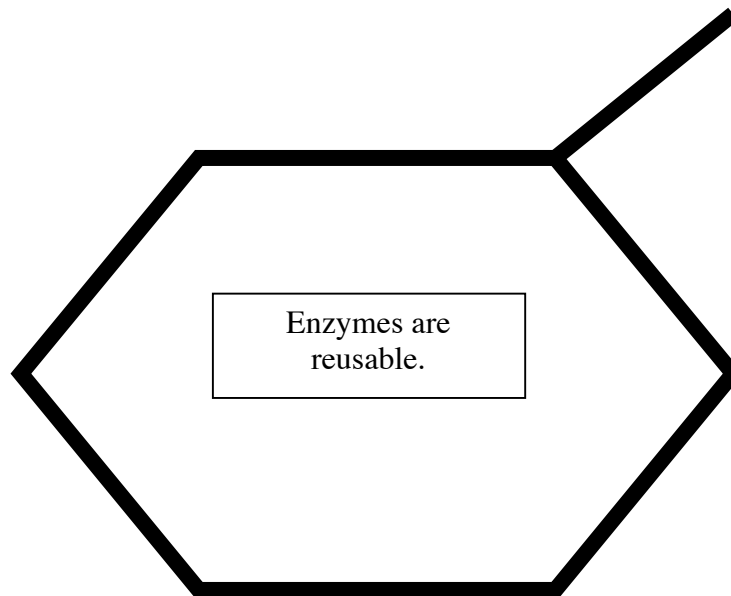

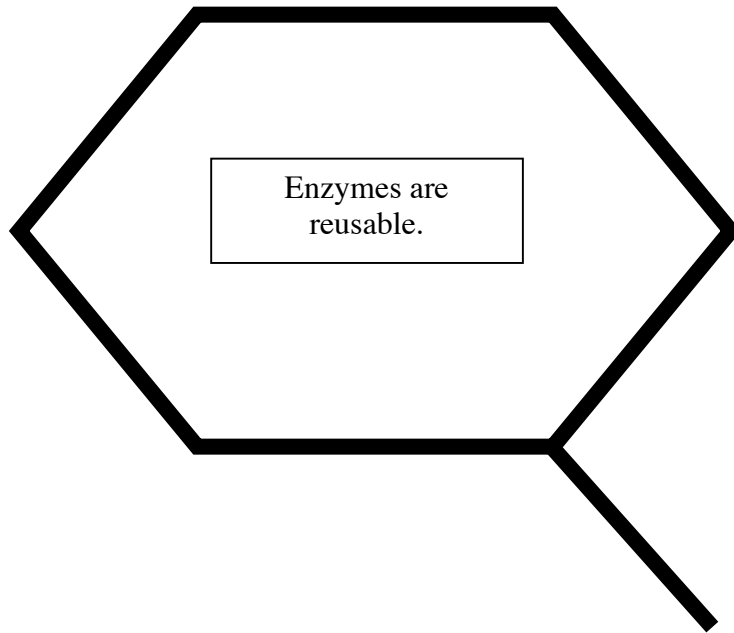

Specificity

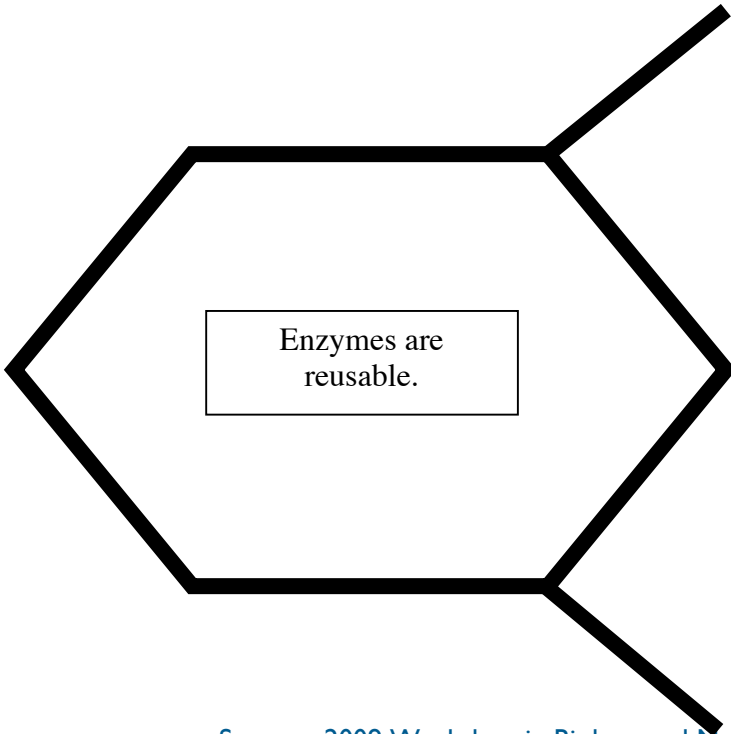

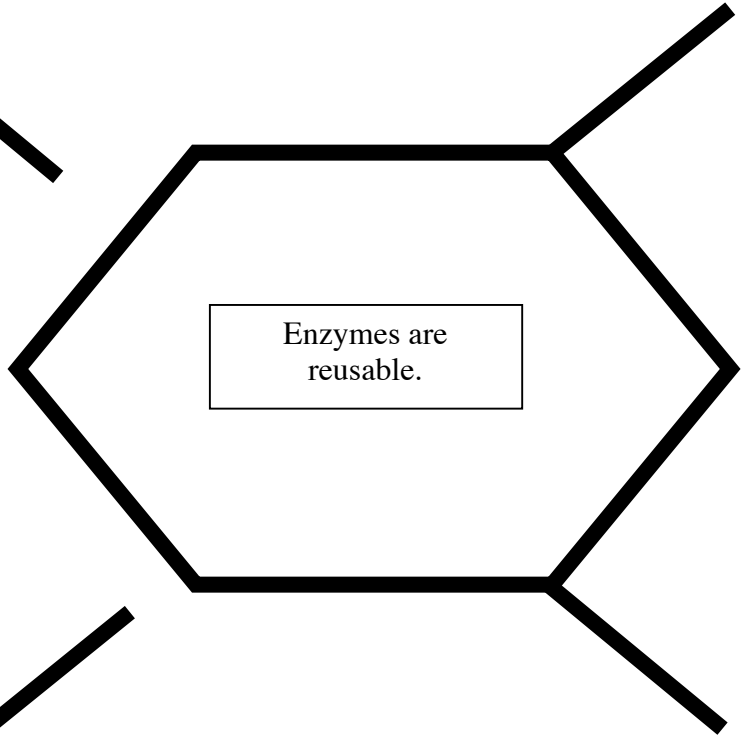

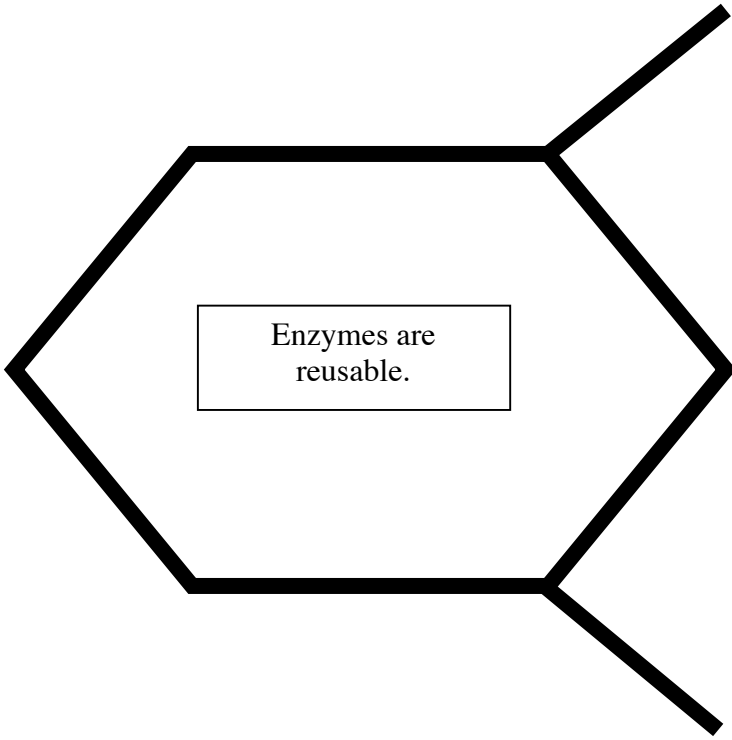

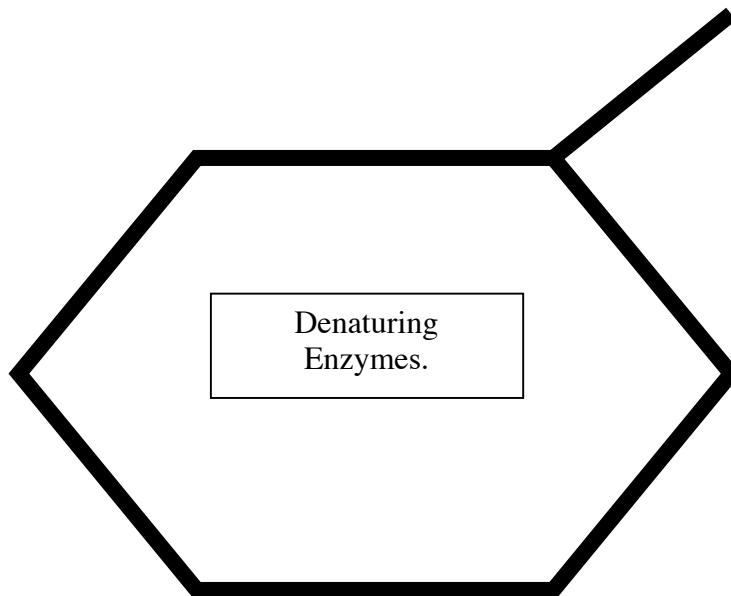

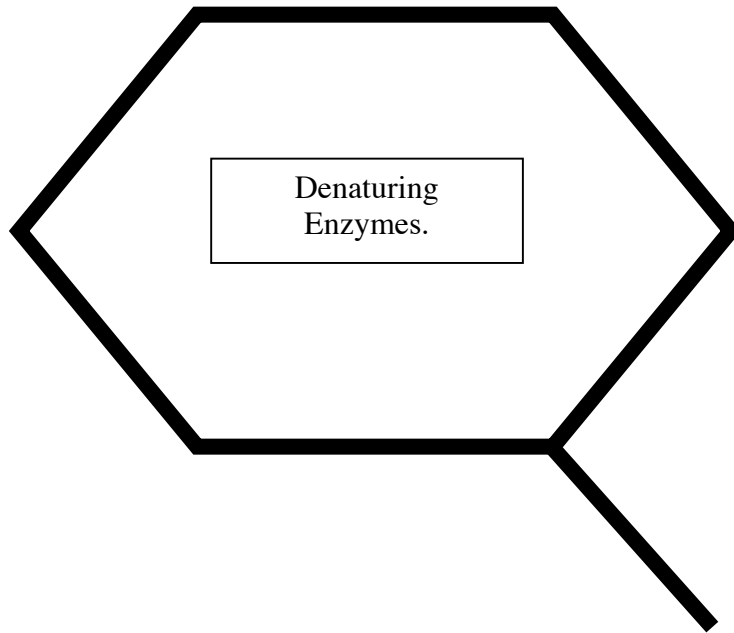

Enzymes are
reusable.

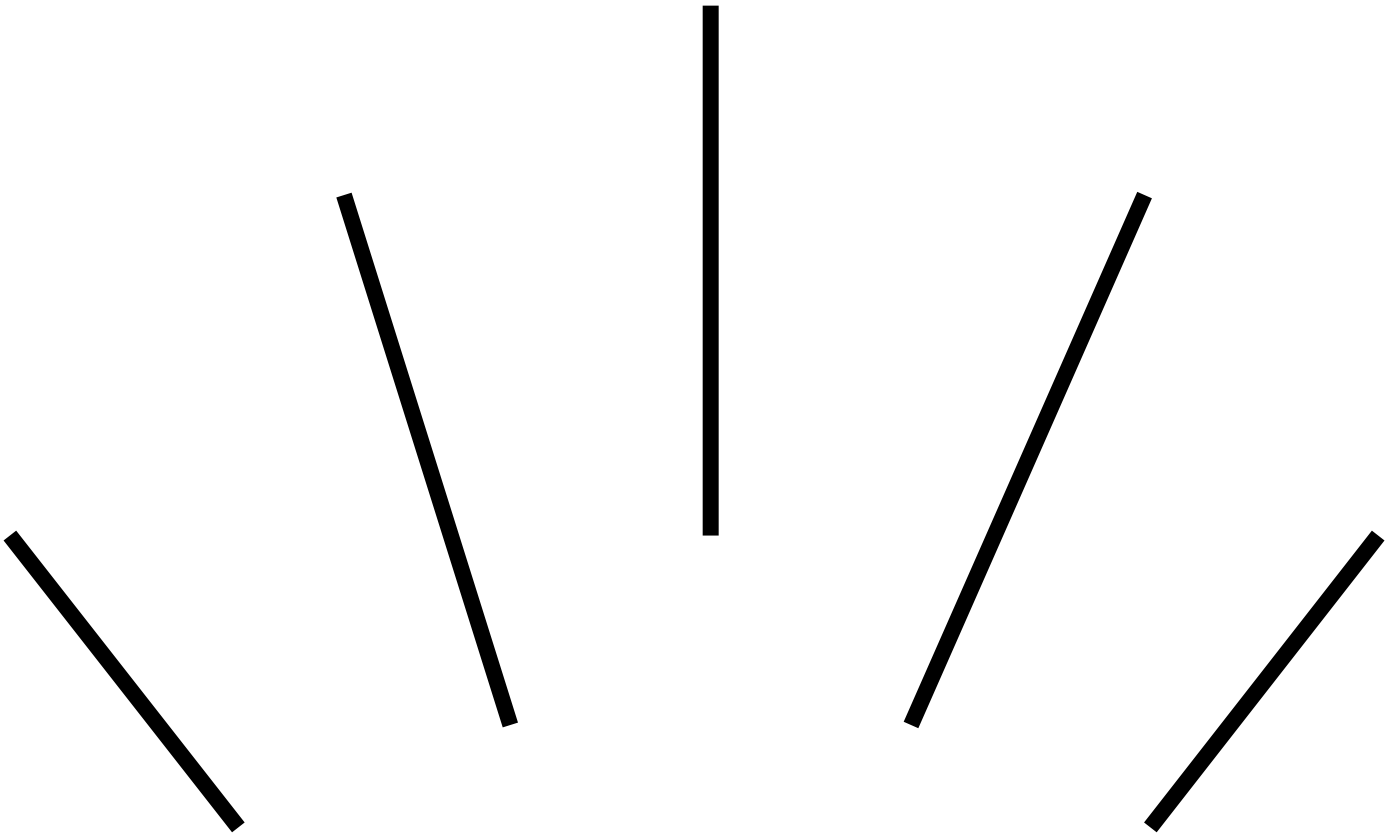

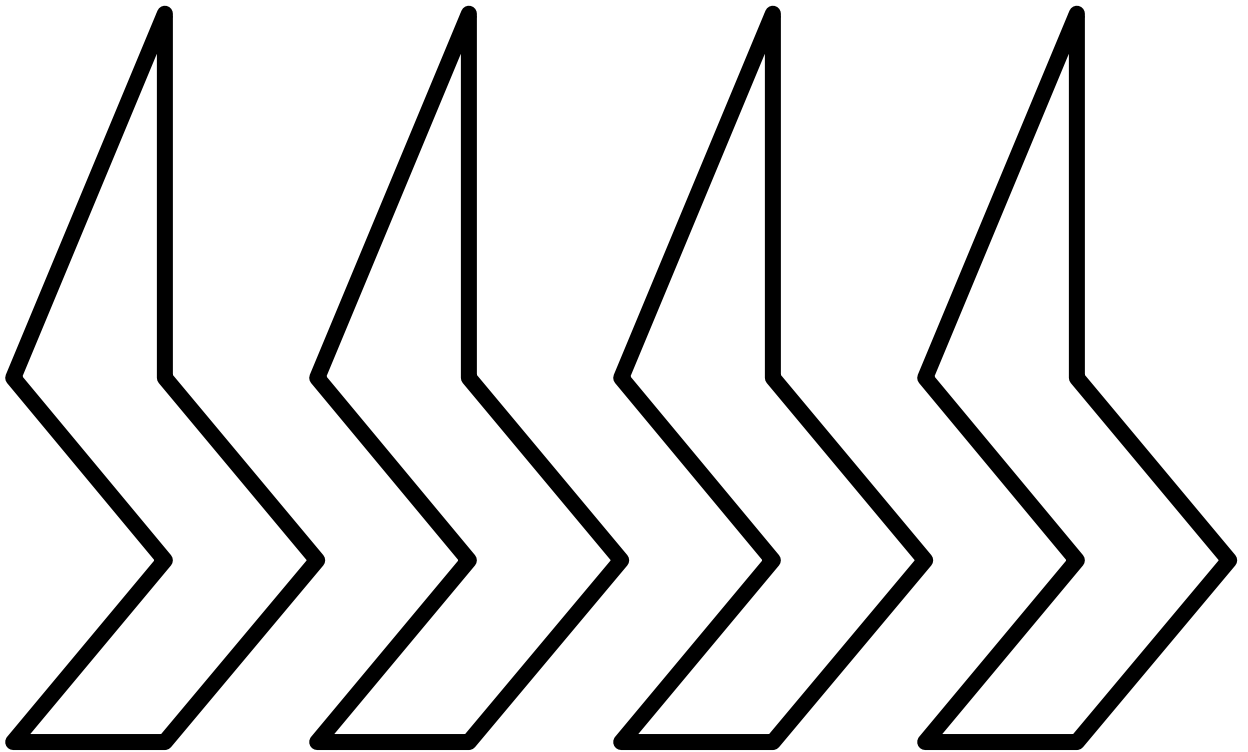

Denaturing Enzymes

Denaturing Enzymes

A large, light gray, stylized letter 'E' watermark is centered on the page. It has a thick, rounded top and a pointed bottom. A small white rectangular box with a black border is positioned in the upper left quadrant of the 'E', containing the text 'Denaturing Enzymes'.

Denaturing Enzymes
